Hi Jennifer,

Attached is the draft Scope of Work – I just started reviewing the document. I am available for the next hour or so, after which I am fairly busy. If you'd like, we can talk now. Welcome to the team.

Hi Roger,

I am the engineer who is helping Heather with the DuPont order. I was wondering if you have any time today to give me some background. Jacquie suggested I talk to you because Heather is completely slammed with Section Chief duties and a city that starts with an F (I am trying not to put it here so this doesn't have to be released for FOIAs). I can send you a calendar invitation if your Outlook schedule is up to date. I am out of the office tomorrow and on work travel next week Monday through Thursday.

Also, Jacquie said there is a scope of work document that I should review. Would you mind e-mailing that?

Thank you and I look forward to working with you,  
Jenny
